

1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY.

Product name

LeverTest

Product number

711-10-00

Application

Positive control for the Legipid® test

Company

Biótica, Bioquímica analítica S.L.

Science Technology and Business Park of the University Jaume I

Building Españetec 2, ground floor, laboratory 2.

12071 Castellón de la Plana (Spain).

2. COMPOSITION/INFORMATION OF INGREDIENTS

Plastic flask with a colorless biological suspension of *Legionella pneumophila* sg 1 ready to use.

Chemical composition

Chemical formula not applicable

3. HAZARDS IDENTIFICATION

Physico-chemical risk: Not applicable.

Health risk: Contains alive microorganisms that could be potentially infectious but if they are used in the proper way, according to protocol, they should not cause an infection in the laboratory.

Risk to the environment: Not applicable.

4. FIRST AID MEASURES

In case of eyes contact

Immediately wash the eyes with plenty of water for a least 15 minutes keeping eyelids open. In case of irritation seek medical assistance.

In case of skin contact

Wash off with soap and plenty of water.

If swallowed

Rise the mouth if oral contamination occurs. Ingestion of this product is unlikely unless it is a deliberate act. If applicable, do not induce vomiting; seek medical assistance immediately.

If inhaled

The inhalation of the product is highly unlikely, but if it occurs, it is recommended move person into fresh air. If not breathing, give artificial respiration.

Medical advice

No specific treatment, treat according to patient outcome.

5. FIRE-FIGHTING MEASURES

Not combustible.

Extinguishing media: no restrictions

6. ACCIDENTAL RELEASE MEASURES

Personal precautions: Wear appropriate clothing to work in the laboratory.

Cleaning methods: Disinfect surface analysis with an appropriate disinfectant. Clean the area with paper towels.

7. HANDLING AND STORAGE

Precautions for safe handling

The product is safe under normal use. Avoid contact with eyes. If splashing may occur, wear safety glasses. Avoid contact with skin by wearing gloves.

Conditions for safe storage

Keep container tightly closed. It should be stored at a temperature of 4°C.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Exposure limits

There are no studies about it

Protective clothing

Wear protective gloves and eye protection

9. PHYSICAL AND CHEMICAL PROPERTIES

Form	liquid
Colour	transparent
pH	7-7.2

10. STABILITY AND REACTIVITY

Conditions to avoid

The products are stable and unlikely to react in a hazardous manner under normal conditions of use.

11. TOXICOLOGICAL INFORMATION

Not applicable.

12. ECOLOGICAL INFORMATION

Not applicable.

13. DISPOSAL CONSIDERATIONS

The product can be disposed of according to local regulations.

Dispose of empty containers through the process of recycling or waste disposal.

14. TRANSPORT INFORMATION

ADR/RID: not dangerous goods.

IMDG: not dangerous goods.

IATA: not dangerous goods.

15. REGULATORY INFORMATION

According to the European legislation, the product is not classified as dangerous for supply.

16. OTHER INFORMATION

Not available.
